

Since 2017, I have built a career in Real Estate in Massachusetts. Based in Boston, I serve buyers and sellers in the Greater Boston area, Central Massachusetts and Cape Cod. I am passionate about assisting my clients with professional, caring, real estate services, and helping them navigate complex and stressful transitions. As a member of the National Association of REALTORS - I espouse real estate principles and practices and follow a strict code of ethics. In addition to Real Estate, I have over 20 years' experience in the nonprofit industry, raising critical funds for health care, higher education, and the environment. Finally, I volunteer as a "Homebuying 101" instructor at the Massachusetts Affordable Housing Alliance (MAHA) to empower all people to realize the dream of homeownership.
